

Casa do Rio

Over the past decade, Quinta do Vallado decided to increase its area of owned vineyards, having chosen the Upper Douro as the most favorable location to do so. Quinta do Orgal, located in Castelo Melhor - Vila Nova de Foz Côa, was acquired, where in 2009 the first vineyards started to be planted.

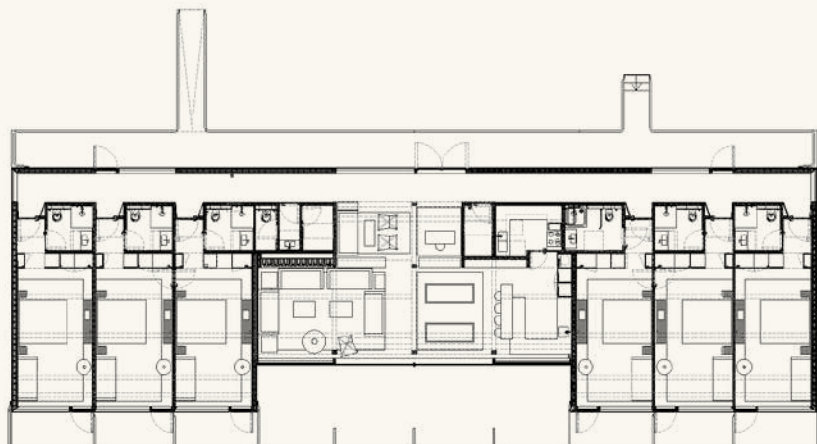

The construction materials had to be environment "friendly", this is why we decided towards a building solely made of wood - and "suspended" - placed just above the water line, where an ancient orange orchard still exists.

📍 Vila Nova de Foz Côa (PT)

📅 2015

🕒 32 weeks

📏 505m²

Materials

Timber frame in Nordic spruce wood, with autoclaved wild pine outer lining.
